

Mission Statement

The Holistic Community is intended for students with a strong interest in a wellness lifestyle that integrates the needs of body, mind, and spirit and who prefer to live with students who have a similar interest. Within the hall, we are a community that respects the dignity of the individual, we place great significance on civility and we value a substance-free life style.

Holistic Residential Community Resident Commitment

I understand that I am a member of a Holistic Residential Community during the 2014-2015 academic year at the Missouri University of Science & Technology. I also understand and agree that by accepting such an assignment, I will abide by the following conditions:

_____ I will maintain integrity in all my relationships and will respect the dignity and value the worth of all persons. I will at no time participate in or condone any form of bigotry, harassment, abuse, intimidation or threat, whether verbal, written, physical or psychological, direct or implied. I understand further that this standard applies equally to residents and staff of my residence hall, guests, visitors and other members of the University community.

_____ I will not make or cause noise that intrudes on the privacy and the needs of others to sleep and study. I understand noise that is disruptive to other residents is prohibited and courtesy and consideration for others is expected at all times. I also agree to be particularly sensitive to this issue during established "Quiet Hours."

_____ I agree that any posters, messages, message boards and other media that I post in places where others may generally view them will comply with the community's standards for civility.

_____ I will at no time, both on and off campus, consume or possess alcoholic beverages, tobacco products, illegal drugs, prescription drugs which are not prescribed to me, and/or other related unhealthy substances, nor will I be under the influence of alcohol, tobacco, or any controlled substances while on the floor.

_____ I will not return to my hall with the odor of tobacco on my self or my clothing due to placing myself in situations where such material is present. I realize that certain situations are unavoidable (such as smoke from restaurants and bowling alleys) but I will attempt to avoid contact whenever possible.

_____ I will be responsible for the conduct of my guests at all times and any disruptions to the community. As such, my guests will not be in possession of, nor under the influence of, alcohol, tobacco, or any controlled substances while on the floor.

_____ I understand that any violations of the above stated regulations could result in, but are not limited to, one or more of the following consequences and will be considered a violation of my housing agreement. These consequences are determined depending on the circumstances of the violation, and may be in addition to any other University sanction for the offenses:

- ◆ A written warning that includes probationary status with regard to my continued presence in the substance-free environment.
- ◆ Removal from the substance-free hall pending outcome of a judicial hearing.
- ◆ Removal from the substance-free hall with room reassignment to be determined by the Director of Residential Life.

Resident's name (please print): _____

Resident's signature: _____ Date: _____

Assignments to the Holistic Community will be made as space allows. Please return completed contract to Residential Life, 205 W.12th St. Rolla, MO 65409. Priority deadline is June 1.
