## Roommate Agreement for Mixed-Gendered Housing

### Purpose

To increase the diversity of student living options, mixed-gendered housing is available to upper-classmen. While traditional housing is segregated by single genders, mixed-gendered housing does not use gender as a criteria for housing selections. Mixed-gendered housing is available when the following criteria is met:

- In areas offering private restroom facilities
- In areas pre-approved by Residential Life
- By student request and when students fill all spaces in a living unit

Interested students should complete the below form for consideration. Applications will be accepted on a first come, first serve basis.

### Expectations of Applicants

By applying for the Residential Life mixed-gendered housing program, I understand that (please initial to indicate that you have read and understand each statement):

\_\_\_\_\_ I request and agree to live with a roommate(s) of another gender.

\_\_\_\_\_ Upon learning of a potential vacancy in my living unit, I will immediately notify Residential Life in writing by emails [reslife@mst.edu](mailto:reslife@mst.edu)

\_\_\_\_\_ Should a roommate vacate the living unit such that the remaining roommates are of differing genders, I understand it is the responsibility of the remaining roommates to find someone to fill the space (time frame to be determined by Residential Life, but will not be less than one week).

\_\_\_\_\_ I further understand should remaining roommates not fill the vacancy, Residential Life will reassign roommates in order to create a single-gender living unit. The roommate reassigned will be least represented gender.

\_\_\_\_\_ Should a new roommate be found, all roommates will be required to complete a new Mixed-Gendered Housing Agreement.

\_\_\_\_\_ I agree roommate selection is subject to approval by Residential Life. I further understand most freshmen students are not eligible to live in university apartments.
