REAPPLICATION FAQ

Communication

How will Residential Life communicate with students?
Residential Life will be using reslife.mst.edu and your Missouri S&T e-mail. Please check your e-mail regularly, and do not ignore messages from Residential Life. Your RA will also be reaching out to you to touch base regarding your housing plans.

Roommates

I want my same room, and I want to pick my roommate. Can I do that?
No, picking your same room is an individual decision. Once same room sign up has completed and same complex or open room sign up has started, your preferred roommate can select your room if it is still available.

How do I select a roommate or suitemate?
After logging into the housing portal you will navigate to the reapplication section across the top navigation bar. Once you start that application one of the pages will be a roommate search page. If you have already completed the application and want to go back to select a roommate you can go to this same place and begin the application. It will take you back to where you left off and you can click the left side navigation to get to the roommate search page.

If someone has selected you as a roommate/suitemate you will also need to log in to this same area and accept this request for the match to be complete.

How do I change or cancel a roommate/suitemate request?
If you would like to leave your roommate group, click “leave group” above your roommate group information.

I want to know who my roommate is before I make a room selection. Is there a way to get this information?
The only way to know who is going to be your roommate before you select a room, is to agree to be a roommate with someone and chose a room together. Otherwise, you won’t know who your roommate is going to be until after you select your room.

What if I don’t have a roommate preference?
That’s fine. Many residents don’t have a specific roommate in mind. Find a room, and assign yourself to it. Your roommate will be either a fellow returning resident who does the same, or an incoming freshman or transfer student that gets assigned later.

Selecting a Room

Why can’t I register for a room?
If you are unable to pick a room, it may be due to one of the following reasons:

- It is not yet your selection time. Check the schedule before proceeding.
- You have a pending roommate request. To check pending requests, go to the housing portal. You will either want to accept their request so you can find a room together or decline the request so you can proceed.

If you are still having issues choosing a room, contact the Residential Life main office.

What if I can’t see the room I want for next year?
This likely means the room is not available; either it’s been selected before you, or is not a room that we have designated as available for returning students.

How will I know my selection went through? Will I receive confirmation?
You will receive an e-mail to your S&T e-mail account, and you will see the room selection you have made on your housing portal home screen.

Meal Plans

When will my meal plan be assigned?
You will pick your own meal plan after you select a room. If you don’t chose a meal plan, and are required to have one, you will be assigned Meal Plan #1.

Who can select the partial Meal Plan #5?
Students eligible for meal plan 5 are any of the following:

- Students living in Miner Village, Rolla Suites, or University Commons.
- Students classified as juniors, seniors, or graduate students.
- Students 21 years of age or older.
Special Living Communities and Situations

How do I reapply for the honors housing?
Students that are in Missouri S&T’s Honors Academy will be eligible to remain the Honors Housing community. You can complete reapplication as normal but will want to choose a room on UC 4th floor.

What if I change my mind and want to live off-campus?
If you are eligible to live off campus, you may cancel your room assignment and meal plan by e-mail at reslife@mst.edu. Cancellation penalties will be applied after June 1st. It is important that you double check your eligibility to live off campus before signing a lease off campus. More information about eligibility can be found as part of our residence life housing policy found at https://reslife.mst.edu/resourcesandforms/.

What if I want to live with a member of the opposite sex?
There are mixed gender floors in TJ, and all floors in RC, UC, and Rolla Suites are mixed gender. In Miner Village we offer gender inclusive housing where 2 or 4 people of any gender can live in the same apartment. The following rules pertain to this gender inclusive housing:

- Students wishing to live in gender inclusive apartments in these buildings will need to fill out a mixed gender agreement and turn it in to Residential Life by March 1.
- The number of students per agreement must fill either a 2 or 4 bedroom apartment.
- You will be hand assigned by the Residential Life staff during your assignment time period.
- We can process these requests at any time, however it is subject to space availability. The sooner this agreement is turned in, the more likely we will be able to accommodate your request.

ADDITIONAL INFORMATION

I’m having trouble logging in to the system. What do I do?
There are 2 log in buttons on the page. 1 says “MST - Student SSO Login” one says “Login” you will want to click the MST Student one and log in with your university login. If you are still having issues contact reslife@mst.edu or 573-341-4218

I have chosen my room, how do I request parking?
Students must either renew their current permit or sign up on the waiting list in order to receive a parking permit. You can sign up for the waiting list at any time during the year. For more information about parking, or to sign up for a parking permit visit https://police.mst.edu/parking/.

- Please note that all students, no matter what residence hall they choose, are responsible for paying for their parking permit. When you pick up your permit from the Parking Operations Office, you will have the option to have the cost of the permit billed to your Student Account, or you may pay with Cash, Debit, or Credit Card.
